

Privacy Policy

The company that owns the website has applied all the necessary requirements in order to protect the personal data of its own users, following what is indicated in the provisions on the protection of personal data (Legislative Decree 30 June 2003, n. 196 and EU Reg. 2016/679). This page describes how to manage the site with reference to processing of the personal data of the users who consult it.

The information is also provided pursuant to art. 13 of the legislative decree n. 196/2003 and art. 13 and 14 of the REG. EU 2016/679 to those who interact with web services for the protection of personal data accessible at the website address.

The user is invited, before providing the data, to read this general information, as well as, from time to time, of any specific information issued pursuant to art. 13 of Legislative Decree 196/03 and art. 13 and 14 of the REG. EU 2016/679 shown before accessing particular services or restricted areas that involve the transmission of your personal data.

The general information below, as well as any additional specific information provided from time to time in relation to the single service may be modified at any time and at the sole discretion. Any changes will be communicated and made available on this site. In any case, the use of the site or the individual service by the user after the changes have taken place implies the consent to the same.

Collection of personal data

This information describes how the site is managed with reference to the processing of personal data of users, identified or identifiable, who consult it and interact with it and with the web services accessible by telematics means.

The information is also provided pursuant to art. 13 of Legislative Decree. 196/2003 and art. 13 and 14 of the REG. EU 2016/679 and is inspired by the Recommendation 2/2001 on the minimum requirements for the collection of personal data online in the European Union, adopted on May 17, 2001 by the "Group for the protection of individuals with regard to the processing of personal data" established by Article 29 of Directive 95/46 / EC. In particular, this information is meant to provide related information the methods, times and nature of the information that the data controllers must provide to users when these link to web pages, regardless of the purpose of the link.

Information is provided only for this site and not for other external websites, which may be consulted by the user through link.

The use of the site implies the authorization to collect data and information in the manner described in the this information, in the specific information from time to time issued pursuant to art. 13 of Legislative Decree 196/03, as well as according to as established in the terms and conditions of use of the site.

Owner of the data processing

Following consultation of this site, data relating to identified or identifiable persons may be processed. The Data Controller of personal data is the company in the person of the legal representative.

Responsible for data processing

The web service provider has been designated as the data processor pursuant to art. 28 of the REG. EU 2016/679 regarding the protection of personal data, as responsible for the maintenance of the technological part of the site.

Place of data processing

The processing connected to the web services of this site takes place at the company's registered office and is only handled by personnel in charge of processing, or by any persons in charge of occasional maintenance operations.

Communication and dissemination of data

No data deriving from the web service is communicated or disseminated, except in cases expressly provided for by law. The personal data provided by users who submit specific requests are used only to perform the service or the service requested and expressed in the purposes of the processing and are communicated to third parties only if this is the case necessary end.

Types of data processed

Navigation data.

The computer systems and software procedures used to operate this website acquire, during the their normal exercise, some personal data whose transmission is implicit in the use of the communication protocols of Internet. This is information that is not collected to be associated with identified interested parties, but for them the same nature could, through processing and association with data held by third parties, allow the identification of users. This category of data includes the IP addresses or domain names of the computers used by the users connect to the site, the URI (Uniform Resource Identifier) addresses of the requested resources, the time of the request, the method used in submitting the request to the server, the size of the file obtained in response, the numeric code indicating the status of the response given by the server (successful, error, etc.) and other parameters relating to the operating system and to the user's computer environment. These data are made anonymous and are used for the sole purpose of obtaining information statistics on the use of the site and to check its correct functioning and are deleted immediately afterwards processing. These data could be used to ascertain responsibility in the event of hypothetical crimes computer to the detriment of the site.

Data provided voluntarily by the user.

The optional, explicit and voluntary sending of e-mails to the addresses indicated on this site and / or the compilation of forms published on the site itself involves the subsequent acquisition of the sender's address, necessary for respond to requests, as well as any other personal data entered in the email and / or in the contact forms.

Cookies.

No personal user data is acquired by the site in this regard. Cookies are not used for the transmission of information of a personal nature, nor are so-called c.d. persistent cookies of any kind, or systems for tracking users. The use of so-called session cookies (which are not stored in a way persistent on the user's computer and disappear when the browser is closed) is strictly limited to the transmission of session identifiers (consisting of random numbers generated by the server) necessary to allow safe exploration and efficient site. The so-called session cookies used on this site avoid the use of other computer techniques potentially prejudicial to the confidentiality of users' browsing and do not allow the acquisition of personal data user identification.

Optional supply of data

Apart from what is specified for navigation data, the user is free to provide personal data if requested in specific sections of the site. Failure to provide them will make it impossible to forward the request.
